PRACTICAL ASSESSMENT GUIDANCE

If the school wishes to include a practical component, the teacher may assess a short artwork, music or dance presentation, or a sports skill demonstration separately. Suggested rubric (20 marks): preparation and safety (4); technique and skill (6); creativity/performance quality (4); teamwork and communication (3); reflection and improvement (3). This suggested rubric is supplementary and should not be added to the 100-mark written paper unless the teacher adjusts the assessment plan.

ADMINISTRATION NOTE

This is an original teacher-prepared assessment resource for practice and school-based assessment. Before administration, the Creative Arts and Sports teacher should confirm that the assessed art, music, dance, games and fitness concepts match the actual Grade 9 Term 2 teaching sequence and the school scheme of work. Practical activities should be supervised and adapted to learners' abilities and available facilities.
