(b) Any three explained: increased trade and markets; shared transport/energy infrastructure; cooperation on security; joint environmental management; educational and technological exchange; coordinated response to disasters or disease. (6)

## GENERAL MARKING GUIDANCE

Accept other accurate responses and relevant examples from the learners' local environment and Kenyan context.

Award marks for clear explanations; where a question asks for three explained points, do not award full marks for a bare list.

Teachers should confirm that the assessed sub-strands have been taught and adjust examples to the learning experiences covered.

This is an original teacher-prepared assessment resource and is not an official KICD examination.
