GRADE 8 AGRICULTURE – RECORD OF WORK

School: _____ Teacher: _____ TSC No.: _____

Grade: 8 Year: 2027 Full Year Learning Area: Agriculture

Enter the actual date taught and sign after completing each lesson. The 'Work Covered' entries are written in past tense and follow the lesson sequence in the scheme. Amend an entry only where the lesson actually taught differed.

WEEK	LESSON	DATE	STRAND	SUB-STRAND	WORK COVERED	SIGN
1	1	_____	1.0 Conservation of Resources	1.1 Soil Conservation Measures	Covered meaning and importance of soil conservation; learners examined its relevance to 1.1 soil conservation measures and discussed appropriate agricultural practices.	_____
1	2	_____	1.0 Conservation of Resources	1.1 Soil Conservation Measures	Covered causes of soil erosion; learners examined its relevance to 1.1 soil conservation measures and discussed appropriate agricultural practices.	_____
1	3	_____	1.0 Conservation of Resources	1.1 Soil Conservation Measures	Covered effects of soil erosion on agricultural land; learners examined its relevance to 1.1 soil conservation measures and discussed appropriate agricultural practices.	_____
1	4	_____	1.0 Conservation of Resources	1.1 Soil Conservation Measures	Covered physical soil conservation measures; learners examined its relevance to 1.1 soil conservation measures and discussed appropriate agricultural practices.	_____
2	1	_____	1.0 Conservation of Resources	1.1 Soil Conservation Measures	Covered biological soil conservation measures; learners examined its relevance to 1.1 soil conservation measures and discussed appropriate agricultural practices.	_____
2	2	_____	1.0 Conservation of Resources	1.1 Soil Conservation Measures	Covered contour farming and terracing; learners examined its relevance to 1.1 soil conservation measures and discussed appropriate agricultural practices.	_____
2	3	_____	1.0 Conservation of Resources	1.1 Soil Conservation Measures	Covered mulching and cover crops; learners examined its relevance to 1.1 soil conservation measures and discussed appropriate agricultural practices.	_____
2	4	_____	1.0 Conservation of Resources	1.1 Soil Conservation Measures	Covered grass strips and windbreaks; learners examined its relevance to 1.1 soil conservation measures and discussed appropriate agricultural practices.	_____
3	1	_____	1.0 Conservation of Resources	1.1 Soil Conservation Measures	Covered selecting suitable measures for local conditions; learners examined its relevance to 1.1 soil conservation measures and discussed appropriate agricultural practices.	_____
3	2	_____	1.0 Conservation of Resources	1.1 Soil Conservation Measures	Covered carrying out a soil conservation activity; learners examined its relevance to 1.1 soil conservation measures and discussed appropriate agricultural practices.	_____
3	3	_____	1.0 Conservation of Resources	1.2 Water Harvesting and Storage	Covered importance of harvesting and storing water; learners examined its relevance to 1.2 water harvesting and storage and discussed appropriate agricultural practices.	_____
3	4	_____	1.0 Conservation of Resources	1.2 Water Harvesting and Storage	Covered sources of rainwater and surface run-off; learners examined its relevance to 1.2 water harvesting and storage and discussed appropriate agricultural practices.	_____
4	1	_____	1.0 Conservation of Resources	1.2 Water Harvesting and Storage	Covered shallow water pans; learners examined its relevance to 1.2 water harvesting and storage and discussed appropriate agricultural practices.	_____
4	2	_____	1.0 Conservation of Resources	1.2 Water Harvesting and Storage	Covered water ponds; learners examined its relevance to 1.2 water harvesting and storage and discussed appropriate agricultural practices.	_____
4	3	_____	1.0 Conservation of Resources	1.2 Water Harvesting and Storage	Covered suitable water containers; learners examined its relevance to 1.2 water harvesting and storage and discussed appropriate agricultural practices.	_____
4	4	_____	1.0 Conservation of Resources	1.2 Water Harvesting and Storage	Covered selecting safe storage methods; learners examined its relevance to 1.2 water harvesting and storage and discussed appropriate agricultural practices.	_____

WEEK	LESSON	DATE	STRAND	SUB-STRAND	WORK COVERED	SIGN
5	1	_____	1.0 Conservation of Resources	1.2 Water Harvesting and Storage	Covered initiating water harvesting in school; learners examined its relevance to 1.2 water harvesting and storage and discussed appropriate agricultural practices.	_____
5	2	_____	1.0 Conservation of Resources	1.2 Water Harvesting and Storage	Covered maintaining water harvesting and storage facilities; learners examined its relevance to 1.2 water harvesting and storage and discussed appropriate agricultural practices.	_____
5	3	_____	1.0 Conservation of Resources	1.2 Water Harvesting and Storage	Covered presenting a school water harvesting initiative; learners examined its relevance to 1.2 water harvesting and storage and discussed appropriate agricultural practices.	_____
5	4	_____	2.0 Food Production Processes	2.1 Kitchen and Backyard Gardening	Covered roles of kitchen and backyard gardens in food production; learners examined its relevance to 2.1 kitchen and backyard gardening and discussed appropriate agricultural practices.	_____
6	1	_____	2.0 Food Production Processes	2.1 Kitchen and Backyard Gardening	Covered benefits of fresh and readily accessible foods; learners examined its relevance to 2.1 kitchen and backyard gardening and discussed appropriate agricultural practices.	_____
6	2	_____	2.0 Food Production Processes	2.1 Kitchen and Backyard Gardening	Covered planning a kitchen or backyard garden; learners examined its relevance to 2.1 kitchen and backyard gardening and discussed appropriate agricultural practices.	_____
6	3	_____	2.0 Food Production Processes	2.1 Kitchen and Backyard Gardening	Covered selecting vegetables, herbs and spices; learners examined its relevance to 2.1 kitchen and backyard gardening and discussed appropriate agricultural practices.	_____
6	4	_____	2.0 Food Production Processes	2.1 Kitchen and Backyard Gardening	Covered preparing a garden site; learners examined its relevance to 2.1 kitchen and backyard gardening and discussed appropriate agricultural practices.	_____
7	1	_____	2.0 Food Production Processes	2.1 Kitchen and Backyard Gardening	Covered planting selected crops; learners examined its relevance to 2.1 kitchen and backyard gardening and discussed appropriate agricultural practices.	_____
7	2	_____	2.0 Food Production Processes	2.1 Kitchen and Backyard Gardening	Covered watering and routine crop care; learners examined its relevance to 2.1 kitchen and backyard gardening and discussed appropriate agricultural practices.	_____
7	3	_____	2.0 Food Production Processes	2.1 Kitchen and Backyard Gardening	Covered maintaining a kitchen or backyard garden; learners examined its relevance to 2.1 kitchen and backyard gardening and discussed appropriate agricultural practices.	_____
7	4	_____	2.0 Food Production Processes	2.1 Kitchen and Backyard Gardening	Covered harvesting and using garden produce; learners examined its relevance to 2.1 kitchen and backyard gardening and discussed appropriate agricultural practices.	_____
8	1	_____	2.0 Food Production Processes	2.2 Poultry Rearing in a Fold	Covered meaning and features of a poultry fold; learners examined its relevance to 2.2 poultry rearing in a fold and discussed appropriate agricultural practices.	_____
8	2	_____	2.0 Food Production Processes	2.2 Poultry Rearing in a Fold	Covered types and examples of poultry folds; learners examined its relevance to 2.2 poultry rearing in a fold and discussed appropriate agricultural practices.	_____
8	3	_____	2.0 Food Production Processes	2.2 Poultry Rearing in a Fold	Covered materials for constructing a poultry fold; learners examined its relevance to 2.2 poultry rearing in a fold and discussed appropriate agricultural practices.	_____
8	4	_____	2.0 Food Production Processes	2.2 Poultry Rearing in a Fold	Covered planning and sketching a poultry fold; learners examined its relevance to 2.2 poultry rearing in a fold and discussed appropriate agricultural practices.	_____
9	1	_____	2.0 Food Production Processes	2.2 Poultry Rearing in a Fold	Covered measuring and preparing materials; learners examined its relevance to 2.2 poultry rearing in a fold and discussed appropriate agricultural practices.	_____
9	2	_____	2.0 Food Production Processes	2.2 Poultry Rearing in a Fold	Covered constructing the fold; learners examined its relevance to 2.2 poultry rearing in a fold and discussed appropriate agricultural practices.	_____

WEEK	LESSON	DATE	STRAND	SUB-STRAND	WORK COVERED	SIGN
9	3	_____	2.0 Food Production Processes	2.2 Poultry Rearing in a Fold	Covered preparing the fold for poultry; learners examined its relevance to 2.2 poultry rearing in a fold and discussed appropriate agricultural practices.	_____
9	4	_____	2.0 Food Production Processes	2.2 Poultry Rearing in a Fold	Covered selecting and introducing poultry; learners examined its relevance to 2.2 poultry rearing in a fold and discussed appropriate agricultural practices.	_____
10	1	_____	2.0 Food Production Processes	2.2 Poultry Rearing in a Fold	Covered feeding and watering poultry; learners examined its relevance to 2.2 poultry rearing in a fold and discussed appropriate agricultural practices.	_____
10	2	_____	2.0 Food Production Processes	2.2 Poultry Rearing in a Fold	Covered moving the fold, sanitation and predator protection; learners examined its relevance to 2.2 poultry rearing in a fold and discussed appropriate agricultural practices.	_____
10	3	_____	2.0 Food Production Processes	2.2 Poultry Rearing in a Fold	Covered monitoring poultry and keeping simple records; learners examined its relevance to 2.2 poultry rearing in a fold and discussed appropriate agricultural practices.	_____
10	4	_____	2.0 Food Production Processes	2.3 Crop Pest and Disease Control	Covered common pests affecting vegetable crops; learners examined its relevance to 2.3 crop pest and disease control and discussed appropriate agricultural practices.	_____
11	1	_____	2.0 Food Production Processes	2.3 Crop Pest and Disease Control	Covered signs of pest attack: punctured leaves, cut seedlings and curling leaves; learners examined its relevance to 2.3 crop pest and disease control and discussed appropriate agricultural practices.	_____
11	2	_____	2.0 Food Production Processes	2.3 Crop Pest and Disease Control	Covered common sites where crop pests are found; learners examined its relevance to 2.3 crop pest and disease control and discussed appropriate agricultural practices.	_____
11	3	_____	2.0 Food Production Processes	2.3 Crop Pest and Disease Control	Covered common signs of crop diseases: wilting, spots and rotting; learners examined its relevance to 2.3 crop pest and disease control and discussed appropriate agricultural practices.	_____
11	4	_____	2.0 Food Production Processes	2.3 Crop Pest and Disease Control	Covered field observation and identification of affected crops; learners examined its relevance to 2.3 crop pest and disease control and discussed appropriate agricultural practices.	_____
12	1	_____	2.0 Food Production Processes	2.3 Crop Pest and Disease Control	Covered handpicking pests; learners examined its relevance to 2.3 crop pest and disease control and discussed appropriate agricultural practices.	_____
12	2	_____	2.0 Food Production Processes	2.3 Crop Pest and Disease Control	Covered removing affected crop parts; learners examined its relevance to 2.3 crop pest and disease control and discussed appropriate agricultural practices.	_____
12	3	_____	2.0 Food Production Processes	2.3 Crop Pest and Disease Control	Covered uprooting heavily affected crops; learners examined its relevance to 2.3 crop pest and disease control and discussed appropriate agricultural practices.	_____
12	4	_____	2.0 Food Production Processes	2.3 Crop Pest and Disease Control	Covered using natural pesticides such as ash safely; learners examined its relevance to 2.3 crop pest and disease control and discussed appropriate agricultural practices.	_____
13	1	_____	2.0 Food Production Processes	2.3 Crop Pest and Disease Control	Covered importance of controlling pests and diseases in vegetable production; learners examined its relevance to 2.3 crop pest and disease control and discussed appropriate agricultural practices.	_____
13	2	_____	2.0 Food Production Processes	2.4 Preparation of Animal Products	Covered importance of processing fresh fish; learners examined its relevance to 2.4 preparation of animal products and discussed appropriate agricultural practices.	_____
13	3	_____	2.0 Food Production Processes	2.4 Preparation of Animal Products	Covered preparation and cleaning of fresh fish; learners examined its relevance to 2.4 preparation of animal products and discussed appropriate agricultural practices.	_____
13	4	_____	2.0 Food Production Processes	2.4 Preparation of Animal Products	Covered processing fish for different purposes; learners examined its relevance to 2.4 preparation of animal products and discussed appropriate agricultural practices.	_____

WEEK	LESSON	DATE	STRAND	SUB-STRAND	WORK COVERED	SIGN
14	1	_____	2.0 Food Production Processes	2.4 Preparation of Animal Products	Covered food hygiene and safety when handling fish; learners examined its relevance to 2.4 preparation of animal products and discussed appropriate agricultural practices.	_____
14	2	_____	2.0 Food Production Processes	2.4 Preparation of Animal Products	Covered importance of dressing a poultry carcass; learners examined its relevance to 2.4 preparation of animal products and discussed appropriate agricultural practices.	_____
14	3	_____	2.0 Food Production Processes	2.4 Preparation of Animal Products	Covered safe and hygienic poultry carcass dressing; learners examined its relevance to 2.4 preparation of animal products and discussed appropriate agricultural practices.	_____
14	4	_____	2.0 Food Production Processes	2.4 Preparation of Animal Products	Covered tools and equipment used in preparation; learners examined its relevance to 2.4 preparation of animal products and discussed appropriate agricultural practices.	_____
15	1	_____	2.0 Food Production Processes	2.4 Preparation of Animal Products	Covered ethical practices in preparing animal products; learners examined its relevance to 2.4 preparation of animal products and discussed appropriate agricultural practices.	_____
15	2	_____	2.0 Food Production Processes	2.4 Preparation of Animal Products	Covered presenting processed animal products for use; learners examined its relevance to 2.4 preparation of animal products and discussed appropriate agricultural practices.	_____
15	3	_____	2.0 Food Production Processes	2.5 Preserving Animal Products	Covered importance of preserving milk and meat at household level; learners examined its relevance to 2.5 preserving animal products and discussed appropriate agricultural practices.	_____
15	4	_____	2.0 Food Production Processes	2.5 Preserving Animal Products	Covered hygienic handling of milk and meat; learners examined its relevance to 2.5 preserving animal products and discussed appropriate agricultural practices.	_____
16	1	_____	2.0 Food Production Processes	2.5 Preserving Animal Products	Covered boiling milk; learners examined its relevance to 2.5 preserving animal products and discussed appropriate agricultural practices.	_____
16	2	_____	2.0 Food Production Processes	2.5 Preserving Animal Products	Covered fermenting milk; learners examined its relevance to 2.5 preserving animal products and discussed appropriate agricultural practices.	_____
16	3	_____	2.0 Food Production Processes	2.5 Preserving Animal Products	Covered home cooling techniques for milk; learners examined its relevance to 2.5 preserving animal products and discussed appropriate agricultural practices.	_____
16	4	_____	2.0 Food Production Processes	2.5 Preserving Animal Products	Covered salting meat; learners examined its relevance to 2.5 preserving animal products and discussed appropriate agricultural practices.	_____
17	1	_____	2.0 Food Production Processes	2.5 Preserving Animal Products	Covered boiling meat for preservation; learners examined its relevance to 2.5 preserving animal products and discussed appropriate agricultural practices.	_____
17	2	_____	2.0 Food Production Processes	2.5 Preserving Animal Products	Covered drying and smoking meat; learners examined its relevance to 2.5 preserving animal products and discussed appropriate agricultural practices.	_____
17	3	_____	2.0 Food Production Processes	2.5 Preserving Animal Products	Covered presenting suitable household preservation methods; learners examined its relevance to 2.5 preserving animal products and discussed appropriate agricultural practices.	_____
17	4	_____	2.0 Food Production Processes	2.6 Cooking: Preparing a Balanced Meal	Covered meaning and components of a balanced meal; learners examined its relevance to 2.6 cooking: preparing a balanced meal and discussed appropriate agricultural practices.	_____
18	1	_____	2.0 Food Production Processes	2.6 Cooking: Preparing a Balanced Meal	Covered factors considered when planning meals: age, health status, occasion and gender; learners examined its relevance to 2.6 cooking: preparing a balanced meal and discussed appropriate agricultural practices.	_____
18	2	_____	2.0 Food Production Processes	2.6 Cooking: Preparing a Balanced Meal	Covered selecting foods from food groups; learners examined its relevance to 2.6 cooking: preparing a balanced meal and discussed appropriate agricultural practices.	_____

WEEK	LESSON	DATE	STRAND	SUB-STRAND	WORK COVERED	SIGN
18	3	_____	2.0 Food Production Processes	2.6 Cooking: Preparing a Balanced Meal	Covered planning a balanced meal; learners examined its relevance to 2.6 cooking: preparing a balanced meal and discussed appropriate agricultural practices.	_____
18	4	_____	2.0 Food Production Processes	2.6 Cooking: Preparing a Balanced Meal	Covered preparing ingredients and observing hygiene; learners examined its relevance to 2.6 cooking: preparing a balanced meal and discussed appropriate agricultural practices.	_____
19	1	_____	2.0 Food Production Processes	2.6 Cooking: Preparing a Balanced Meal	Covered cooking foods containing proteins; learners examined its relevance to 2.6 cooking: preparing a balanced meal and discussed appropriate agricultural practices.	_____
19	2	_____	2.0 Food Production Processes	2.6 Cooking: Preparing a Balanced Meal	Covered cooking foods containing carbohydrates; learners examined its relevance to 2.6 cooking: preparing a balanced meal and discussed appropriate agricultural practices.	_____
19	3	_____	2.0 Food Production Processes	2.6 Cooking: Preparing a Balanced Meal	Covered including vegetables, vitamins and minerals; learners examined its relevance to 2.6 cooking: preparing a balanced meal and discussed appropriate agricultural practices.	_____
19	4	_____	2.0 Food Production Processes	2.6 Cooking: Preparing a Balanced Meal	Covered serving styles: family and blue plate; learners examined its relevance to 2.6 cooking: preparing a balanced meal and discussed appropriate agricultural practices.	_____
20	1	_____	2.0 Food Production Processes	2.6 Cooking: Preparing a Balanced Meal	Covered preparing menus for balanced meals; learners examined its relevance to 2.6 cooking: preparing a balanced meal and discussed appropriate agricultural practices.	_____
20	2	_____	2.0 Food Production Processes	2.6 Cooking: Preparing a Balanced Meal	Covered presenting and evaluating a balanced meal; learners examined its relevance to 2.6 cooking: preparing a balanced meal and discussed appropriate agricultural practices.	_____
20	3	_____	3.0 Hygiene Practices	3.1 Cleaning the Kitchen	Covered importance of kitchen cleanliness and hygiene; learners examined its relevance to 3.1 cleaning the kitchen and discussed appropriate agricultural practices.	_____
20	4	_____	3.0 Hygiene Practices	3.1 Cleaning the Kitchen	Covered daily kitchen cleaning practices; learners examined its relevance to 3.1 cleaning the kitchen and discussed appropriate agricultural practices.	_____
21	1	_____	3.0 Hygiene Practices	3.1 Cleaning the Kitchen	Covered cleaning kitchen work surfaces and equipment; learners examined its relevance to 3.1 cleaning the kitchen and discussed appropriate agricultural practices.	_____
21	2	_____	3.0 Hygiene Practices	3.1 Cleaning the Kitchen	Covered cleaning floors and storage areas; learners examined its relevance to 3.1 cleaning the kitchen and discussed appropriate agricultural practices.	_____
21	3	_____	3.0 Hygiene Practices	3.1 Cleaning the Kitchen	Covered weekly kitchen cleaning practices; learners examined its relevance to 3.1 cleaning the kitchen and discussed appropriate agricultural practices.	_____
21	4	_____	3.0 Hygiene Practices	3.1 Cleaning the Kitchen	Covered special or periodic kitchen cleaning; learners examined its relevance to 3.1 cleaning the kitchen and discussed appropriate agricultural practices.	_____
22	1	_____	3.0 Hygiene Practices	3.1 Cleaning the Kitchen	Covered safe use and storage of cleaning materials; learners examined its relevance to 3.1 cleaning the kitchen and discussed appropriate agricultural practices.	_____
22	2	_____	3.0 Hygiene Practices	3.1 Cleaning the Kitchen	Covered organising roles during kitchen cleaning; learners examined its relevance to 3.1 cleaning the kitchen and discussed appropriate agricultural practices.	_____
22	3	_____	3.0 Hygiene Practices	3.1 Cleaning the Kitchen	Covered importance of a clean kitchen for healthy living; learners examined its relevance to 3.1 cleaning the kitchen and discussed appropriate agricultural practices.	_____
22	4	_____	4.0 Production Techniques	4.1 Sewing Skills: Constructing Household Items	Covered meaning and purpose of seams in household items; learners examined its relevance to 4.1 sewing skills: constructing household items and discussed appropriate agricultural practices.	_____

WEEK	LESSON	DATE	STRAND	SUB-STRAND	WORK COVERED	SIGN
23	1	_____	4.0 Production Techniques	4.1 Sewing Skills: Constructing Household Items	Covered types of seams used in household items; learners examined its relevance to 4.1 sewing skills: constructing household items and discussed appropriate agricultural practices.	_____
23	2	_____	4.0 Production Techniques	4.1 Sewing Skills: Constructing Household Items	Covered selecting fabric and sewing materials; learners examined its relevance to 4.1 sewing skills: constructing household items and discussed appropriate agricultural practices.	_____
23	3	_____	4.0 Production Techniques	4.1 Sewing Skills: Constructing Household Items	Covered measuring and marking fabric; learners examined its relevance to 4.1 sewing skills: constructing household items and discussed appropriate agricultural practices.	_____
23	4	_____	4.0 Production Techniques	4.1 Sewing Skills: Constructing Household Items	Covered preparing fabric pieces; learners examined its relevance to 4.1 sewing skills: constructing household items and discussed appropriate agricultural practices.	_____
24	1	_____	4.0 Production Techniques	4.1 Sewing Skills: Constructing Household Items	Covered making a plain seam sample; learners examined its relevance to 4.1 sewing skills: constructing household items and discussed appropriate agricultural practices.	_____
24	2	_____	4.0 Production Techniques	4.1 Sewing Skills: Constructing Household Items	Covered making a suitable enclosed seam sample; learners examined its relevance to 4.1 sewing skills: constructing household items and discussed appropriate agricultural practices.	_____
24	3	_____	4.0 Production Techniques	4.1 Sewing Skills: Constructing Household Items	Covered making a suitable decorative or reinforced seam sample; learners examined its relevance to 4.1 sewing skills: constructing household items and discussed appropriate agricultural practices.	_____
24	4	_____	4.0 Production Techniques	4.1 Sewing Skills: Constructing Household Items	Covered finishing and pressing seam samples; learners examined its relevance to 4.1 sewing skills: constructing household items and discussed appropriate agricultural practices.	_____
25	1	_____	4.0 Production Techniques	4.1 Sewing Skills: Constructing Household Items	Covered selecting a simple household item to construct; learners examined its relevance to 4.1 sewing skills: constructing household items and discussed appropriate agricultural practices.	_____
25	2	_____	4.0 Production Techniques	4.1 Sewing Skills: Constructing Household Items	Covered planning and cutting fabric for the item; learners examined its relevance to 4.1 sewing skills: constructing household items and discussed appropriate agricultural practices.	_____
25	3	_____	4.0 Production Techniques	4.1 Sewing Skills: Constructing Household Items	Covered constructing the item using appropriate seams; learners examined its relevance to 4.1 sewing skills: constructing household items and discussed appropriate agricultural practices.	_____
25	4	_____	4.0 Production Techniques	4.1 Sewing Skills: Constructing Household Items	Covered finishing and checking the item; learners examined its relevance to 4.1 sewing skills: constructing household items and discussed appropriate agricultural practices.	_____
26	1	_____	4.0 Production Techniques	4.1 Sewing Skills: Constructing Household Items	Covered appreciating the use of seams in household items; learners examined its relevance to 4.1 sewing skills: constructing household items and discussed appropriate agricultural practices.	_____
26	2	_____	4.0 Production Techniques	4.2 Constructing Innovative Animal Waterer	Covered common animal waterers used in the community; learners examined its relevance to 4.2 constructing innovative animal waterer and discussed appropriate agricultural practices.	_____
26	3	_____	4.0 Production Techniques	4.2 Constructing Innovative Animal Waterer	Covered challenges associated with existing animal waterers; learners examined its relevance to 4.2 constructing innovative animal waterer and discussed appropriate agricultural practices.	_____
26	4	_____	4.0 Production Techniques	4.2 Constructing Innovative Animal Waterer	Covered identifying a problem to solve; learners examined its relevance to 4.2 constructing innovative animal waterer and discussed appropriate agricultural practices.	_____
27	1	_____	4.0 Production Techniques	4.2 Constructing Innovative Animal Waterer	Covered searching for innovative waterer designs; learners examined its relevance to 4.2 constructing innovative animal waterer and discussed appropriate agricultural practices.	_____
27	2	_____	4.0 Production Techniques	4.2 Constructing Innovative Animal Waterer	Covered selecting locally available and reused materials; learners examined its relevance to 4.2 constructing innovative animal waterer and discussed appropriate agricultural practices.	_____

WEEK	LESSON	DATE	STRAND	SUB-STRAND	WORK COVERED	SIGN
27	3	_____	4.0 Production Techniques	4.2 Constructing Innovative Animal Waterer	Covered sketching and planning an innovative waterer; learners examined its relevance to 4.2 constructing innovative animal waterer and discussed appropriate agricultural practices.	_____
27	4	_____	4.0 Production Techniques	4.2 Constructing Innovative Animal Waterer	Covered constructing the waterer for a small domestic animal; learners examined its relevance to 4.2 constructing innovative animal waterer and discussed appropriate agricultural practices.	_____
28	1	_____	4.0 Production Techniques	4.2 Constructing Innovative Animal Waterer	Covered testing functionality and water conservation; learners examined its relevance to 4.2 constructing innovative animal waterer and discussed appropriate agricultural practices.	_____
28	2	_____	4.0 Production Techniques	4.2 Constructing Innovative Animal Waterer	Covered adjusting and improving the design; learners examined its relevance to 4.2 constructing innovative animal waterer and discussed appropriate agricultural practices.	_____
28	3	_____	4.0 Production Techniques	4.2 Constructing Innovative Animal Waterer	Covered using and evaluating the innovative waterer; learners examined its relevance to 4.2 constructing innovative animal waterer and discussed appropriate agricultural practices.	_____
28	4	_____	4.0 Production Techniques	4.3 ICT Support Services	Covered meaning of ict support services; learners examined its relevance to 4.3 ict support services and discussed appropriate agricultural practices.	_____
29	1	_____	4.0 Production Techniques	4.3 ICT Support Services	Covered examples of support services accessed through ict; learners examined its relevance to 4.3 ict support services and discussed appropriate agricultural practices.	_____
29	2	_____	4.0 Production Techniques	4.3 ICT Support Services	Covered identifying a suitable support service; learners examined its relevance to 4.3 ict support services and discussed appropriate agricultural practices.	_____
29	3	_____	4.0 Production Techniques	4.3 ICT Support Services	Covered devices and connectivity needed to access services; learners examined its relevance to 4.3 ict support services and discussed appropriate agricultural practices.	_____
29	4	_____	4.0 Production Techniques	4.3 ICT Support Services	Covered accessing relevant support services using ict; learners examined its relevance to 4.3 ict support services and discussed appropriate agricultural practices.	_____
30	1	_____	4.0 Production Techniques	4.3 ICT Support Services	Covered entering and checking information safely; learners examined its relevance to 4.3 ict support services and discussed appropriate agricultural practices.	_____
30	2	_____	4.0 Production Techniques	4.3 ICT Support Services	Covered responsible use of personal information; learners examined its relevance to 4.3 ict support services and discussed appropriate agricultural practices.	_____
30	3	_____	4.0 Production Techniques	4.3 ICT Support Services	Covered digital safety, privacy and respectful communication; learners examined its relevance to 4.3 ict support services and discussed appropriate agricultural practices.	_____
30	4	_____	4.0 Production Techniques	4.3 ICT Support Services	Covered presenting benefits and responsible use of ict support services; learners examined its relevance to 4.3 ict support services and discussed appropriate agricultural practices.	_____
