Activity 4 – Consolidate: Learners summarise the central Christian teaching and identify one practical action or value arising from the lesson. The teacher corrects misconceptions using the relevant scripture and curriculum content.

CONCLUSION AND ASSESSMENT

Revisit the key inquiry question. Assess learning through oral questions, observation, checklist, written exit response, journal entry, peer/self-assessment or a short presentation. Give feedback and assign a relevant follow-up task.

Assessment evidence: Learner explanations, accurate use of the biblical account, group contribution, completed written/chart/role-play task and ability to relate the teaching to daily life.

Reflection / Self-remarks: What was achieved? Which learners need support or extension? What should be improved in the next lesson?
