GRADE 8 CREATIVE ARTS AND SPORTS – 2027 LESSON PLANS

Term 1 • 50 lesson plans • Teacher-prepared planning resource

Curriculum sequence follows the Grade 8 scheme and the selected optional strand: Kenyan Indigenous Game. The KICD design also offers Swimming as an alternative optional choice.

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 1

Week: 1 Lesson: 1 Date: _____ Time: _____ Roll: _____

Strand: 1.0 Foundations of Creative Arts and Sports
Sub-strand: 1.1 Roles of Creative Arts and Sports
Lesson focus: Social and economic roles of Creative Arts and Sports

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Describe the roles of Creative Arts and Sports in society.
Skills: make a storyboard highlighting these roles.
Attitudes: appreciate the role played by Creative Arts and Sports in society.

Key Inquiry Question: What is the importance of Creative Arts and Sports in society?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces social and economic roles of creative arts and sports through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **social and economic roles of creative arts and sports**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Research and brainstorm on social and economic roles; collect and cut pictures of activities; prepare and paint a background surface; paste pictures to make a photographic storyboard; display, observe and give feedback.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about social and economic roles of creative arts and sports, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 1

Week: 1 Lesson: 2 Date: _____ Time: _____ Roll: _____

Strand: 1.0 Foundations of Creative Arts and Sports
Sub-strand: 1.1 Roles of Creative Arts and Sports
Lesson focus: Roles in social cohesion, identity and culture

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Describe the roles of Creative Arts and Sports in society.
Skills: make a storyboard highlighting these roles.
Attitudes: appreciate the role played by Creative Arts and Sports in society.

Key Inquiry Question: What is the importance of Creative Arts and Sports in society?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces roles in social cohesion, identity and culture through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **roles in social cohesion, identity and culture**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Research and brainstorm on social and economic roles; collect and cut pictures of activities; prepare and paint a background surface; paste pictures to make a photographic storyboard; display, observe and give feedback.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about roles in social cohesion, identity and culture, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 1

Week: 1 Lesson: 3 Date: _____ Time: _____ Roll: _____

Strand: 1.0 Foundations of Creative Arts and Sports
Sub-strand: 1.1 Roles of Creative Arts and Sports
Lesson focus: Roles in health, citizenship and patriotism

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Describe the roles of Creative Arts and Sports in society.
Skills: make a storyboard highlighting these roles.
Attitudes: appreciate the role played by Creative Arts and Sports in society.

Key Inquiry Question: What is the importance of Creative Arts and Sports in society?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces roles in health, citizenship and patriotism through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **roles in health, citizenship and patriotism**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Research and brainstorm on social and economic roles; collect and cut pictures of activities; prepare and paint a background surface; paste pictures to make a photographic storyboard; display, observe and give feedback.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about roles in health, citizenship and patriotism, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 1

Week: 1 Lesson: 4 Date: _____ Time: _____ Roll: _____

Strand: 1.0 Foundations of Creative Arts and Sports
Sub-strand: 1.1 Roles of Creative Arts and Sports
Lesson focus: Roles in entertainment and personal development

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Describe the roles of Creative Arts and Sports in society.
Skills: make a storyboard highlighting these roles.
Attitudes: appreciate the role played by Creative Arts and Sports in society.

Key Inquiry Question: What is the importance of Creative Arts and Sports in society?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces roles in entertainment and personal development through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **roles in entertainment and personal development**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Research and brainstorm on social and economic roles; collect and cut pictures of activities; prepare and paint a background surface; paste pictures to make a photographic storyboard; display, observe and give feedback.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about roles in entertainment and personal development, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 1

Week: 1 Lesson: 5 Date: _____ Time: _____ Roll: _____

Strand: 1.0 Foundations of Creative Arts and Sports
Sub-strand: 1.1 Roles of Creative Arts and Sports
Lesson focus: Economic roles: employment and poverty eradication

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Describe the roles of Creative Arts and Sports in society.
Skills: make a storyboard highlighting these roles.
Attitudes: appreciate the role played by Creative Arts and Sports in society.

Key Inquiry Question: What is the importance of Creative Arts and Sports in society?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces economic roles: employment and poverty eradication through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **economic roles: employment and poverty eradication**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Research and brainstorm on social and economic roles; collect and cut pictures of activities; prepare and paint a background surface; paste pictures to make a photographic storyboard; display, observe and give feedback.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about economic roles: employment and poverty eradication, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 1

Week: 2 Lesson: 1 Date: _____ Time: _____ Roll: _____

Strand: 1.0 Foundations of Creative Arts and Sports
Sub-strand: 1.1 Roles of Creative Arts and Sports
Lesson focus: Researching roles in society

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Describe the roles of Creative Arts and Sports in society.
Skills: make a storyboard highlighting these roles.
Attitudes: appreciate the role played by Creative Arts and Sports in society.

Key Inquiry Question: What is the importance of Creative Arts and Sports in society?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces researching roles in society through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **researching roles in society**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Research and brainstorm on social and economic roles; collect and cut pictures of activities; prepare and paint a background surface; paste pictures to make a photographic storyboard; display, observe and give feedback.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about researching roles in society, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 1

Week: 2 Lesson: 2 Date: _____ Time: _____ Roll: _____

Strand: 1.0 Foundations of Creative Arts and Sports
Sub-strand: 1.1 Roles of Creative Arts and Sports
Lesson focus: Creating a photographic storyboard

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Describe the roles of Creative Arts and Sports in society.
Skills: make a storyboard highlighting these roles.
Attitudes: appreciate the role played by Creative Arts and Sports in society.

Key Inquiry Question: What is the importance of Creative Arts and Sports in society?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces creating a photographic storyboard through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **creating a photographic storyboard**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Research and brainstorm on social and economic roles; collect and cut pictures of activities; prepare and paint a background surface; paste pictures to make a photographic storyboard; display, observe and give feedback.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about creating a photographic storyboard, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 1

Week: 2 Lesson: 3 Date: _____ Time: _____ Roll: _____

Strand: 1.0 Foundations of Creative Arts and Sports
Sub-strand: 1.1 Roles of Creative Arts and Sports
Lesson focus: Displaying and reviewing a storyboard

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Describe the roles of Creative Arts and Sports in society.
Skills: make a storyboard highlighting these roles.
Attitudes: appreciate the role played by Creative Arts and Sports in society.

Key Inquiry Question: What is the importance of Creative Arts and Sports in society?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces displaying and reviewing a storyboard through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **displaying and reviewing a storyboard**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Research and brainstorm on social and economic roles; collect and cut pictures of activities; prepare and paint a background surface; paste pictures to make a photographic storyboard; display, observe and give feedback.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about displaying and reviewing a storyboard, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 1

Week: 2 Lesson: 4 Date: _____ Time: _____ Roll: _____

Strand: 1.0 Foundations of Creative Arts and Sports
Sub-strand: 1.2 Components of Creative Arts and Sports
Lesson focus: Elements of a verse: character, theme and setting

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Describe elements of verse.
Skills: perform activities that enhance endurance and agility.
Attitudes: write note values and name pitches on the bass staff.

Key Inquiry Question: What are the components of Creative Arts and Sports?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces elements of a verse: character, theme and setting through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **elements of a verse: character, theme and setting**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Read sample verses and discuss their elements; observe or watch a fitness session and perform activities for endurance and agility; draw bass staff and piano keyboard; name pitches and ledger lines; group notes in 3/4 time; construct and write G major on treble and bass staff.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about elements of a verse: character, theme and setting, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 1

Week: 2 Lesson: 5 Date: _____ Time: _____ Roll: _____

Strand: 1.0 Foundations of Creative Arts and Sports
Sub-strand: 1.2 Components of Creative Arts and Sports
Lesson focus: Endurance and agility in physical fitness

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Describe elements of verse.
Skills: perform activities that enhance endurance and agility.
Attitudes: write note values and name pitches on the bass staff.

Key Inquiry Question: What are the components of Creative Arts and Sports?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces endurance and agility in physical fitness through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **endurance and agility in physical fitness**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Read sample verses and discuss their elements; observe or watch a fitness session and perform activities for endurance and agility; draw bass staff and piano keyboard; name pitches and ledger lines; group notes in 3/4 time; construct and write G major on treble and bass staff.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about endurance and agility in physical fitness, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 1

Week: 3 Lesson: 1 Date: _____ Time: _____ Roll: _____

Strand: 1.0 Foundations of Creative Arts and Sports
Sub-strand: 1.2 Components of Creative Arts and Sports
Lesson focus: Bass staff, ledger lines and piano keyboard

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Describe elements of verse.
Skills: perform activities that enhance endurance and agility.
Attitudes: write note values and name pitches on the bass staff.

Key Inquiry Question: What are the components of Creative Arts and Sports?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces bass staff, ledger lines and piano keyboard through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **bass staff, ledger lines and piano keyboard**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Read sample verses and discuss their elements; observe or watch a fitness session and perform activities for endurance and agility; draw bass staff and piano keyboard; name pitches and ledger lines; group notes in 3/4 time; construct and write G major on treble and bass staff.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about bass staff, ledger lines and piano keyboard, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 1

Week: 3 Lesson: 2 Date: _____ Time: _____ Roll: _____

Strand: 1.0 Foundations of Creative Arts and Sports
Sub-strand: 1.2 Components of Creative Arts and Sports
Lesson focus: Accidentals and middle C

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Describe elements of verse.
Skills: perform activities that enhance endurance and agility.
Attitudes: write note values and name pitches on the bass staff.

Key Inquiry Question: What are the components of Creative Arts and Sports?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces accidentals and middle c through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **accidentals and middle c**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Read sample verses and discuss their elements; observe or watch a fitness session and perform activities for endurance and agility; draw bass staff and piano keyboard; name pitches and ledger lines; group notes in 3/4 time; construct and write G major on treble and bass staff.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about accidentals and middle c, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 1

Week: 3 Lesson: 3 Date: _____ Time: _____ Roll: _____

Strand: 1.0 Foundations of Creative Arts and Sports
Sub-strand: 1.2 Components of Creative Arts and Sports
Lesson focus: Semibreve, minim, crotchet and a pair of quavers

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Describe elements of verse.
Skills: perform activities that enhance endurance and agility.
Attitudes: write note values and name pitches on the bass staff.

Key Inquiry Question: What are the components of Creative Arts and Sports?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces semibreve, minim, crotchet and a pair of quavers through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **semibreve, minim, crotchet and a pair of quavers**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Read sample verses and discuss their elements; observe or watch a fitness session and perform activities for endurance and agility; draw bass staff and piano keyboard; name pitches and ledger lines; group notes in 3/4 time; construct and write G major on treble and bass staff.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about semibreve, minim, crotchet and a pair of quavers, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 1

Week: 3 Lesson: 4 Date: _____ Time: _____ Roll: _____

Strand: 1.0 Foundations of Creative Arts and Sports
Sub-strand: 1.2 Components of Creative Arts and Sports
Lesson focus: Grouping notes in 3/4 time

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Describe elements of verse.
Skills: perform activities that enhance endurance and agility.
Attitudes: write note values and name pitches on the bass staff.

Key Inquiry Question: What are the components of Creative Arts and Sports?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces grouping notes in 3/4 time through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **grouping notes in 3/4 time**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Read sample verses and discuss their elements; observe or watch a fitness session and perform activities for endurance and agility; draw bass staff and piano keyboard; name pitches and ledger lines; group notes in 3/4 time; construct and write G major on treble and bass staff.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about grouping notes in 3/4 time, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 1

Week: 3 Lesson: 5 Date: _____ Time: _____ Roll: _____

Strand: 1.0 Foundations of Creative Arts and Sports
Sub-strand: 1.2 Components of Creative Arts and Sports
Lesson focus: Constructing the scale of G major

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Describe elements of verse.
Skills: perform activities that enhance endurance and agility.
Attitudes: write note values and name pitches on the bass staff.

Key Inquiry Question: What are the components of Creative Arts and Sports?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces constructing the scale of g major through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **constructing the scale of g major**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Read sample verses and discuss their elements; observe or watch a fitness session and perform activities for endurance and agility; draw bass staff and piano keyboard; name pitches and ledger lines; group notes in 3/4 time; construct and write G major on treble and bass staff.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about constructing the scale of g major, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 1

Week: 4 Lesson: 1 Date: _____ Time: _____ Roll: _____

Strand: 1.0 Foundations of Creative Arts and Sports
Sub-strand: 1.2 Components of Creative Arts and Sports
Lesson focus: Integrating and practising the components

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Describe elements of verse.
Skills: perform activities that enhance endurance and agility.
Attitudes: write note values and name pitches on the bass staff.

Key Inquiry Question: What are the components of Creative Arts and Sports?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces integrating and practising the components through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **integrating and practising the components**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Read sample verses and discuss their elements; observe or watch a fitness session and perform activities for endurance and agility; draw bass staff and piano keyboard; name pitches and ledger lines; group notes in 3/4 time; construct and write G major on treble and bass staff.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about integrating and practising the components, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 1

Week: 4 Lesson: 2 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.1 Drawing and Painting
Lesson focus: Reviewing forms and shapes in pictures

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Discuss dominance in a picture.
Skills: classify complementary colours on a colour wheel.
Attitudes: illustrate a colour gradation strip for colour contrast.

Key Inquiry Question: What are complementary colours? How is dominance created in a picture?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces reviewing forms and shapes in pictures through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **reviewing forms and shapes in pictures**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Observe pictures and discuss shape, colour and dominance; paint a colour wheel; illustrate a line strip using complementary colours; draw a setup of forms and shapes to create dominance; paint the sketched picture using a thin wash and complementary colours; display and discuss pictures.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about reviewing forms and shapes in pictures, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Week: 6 Lesson: 1 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.1 Drawing and Painting
Lesson focus: Displaying and appreciating own and others' pictures

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Discuss dominance in a picture.
Skills: classify complementary colours on a colour wheel.
Attitudes: illustrate a colour gradation strip for colour contrast.

Key Inquiry Question: What are complementary colours? How is dominance created in a picture?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces displaying and appreciating own and others' pictures through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **displaying and appreciating own and others' pictures**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Observe pictures and discuss shape, colour and dominance; paint a colour wheel; illustrate a line strip using complementary colours; draw a setup of forms and shapes to create dominance; paint the sketched picture using a thin wash and complementary colours; display and discuss pictures.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about displaying and appreciating own and others' pictures, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 1

Week: 6 Lesson: 2 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.2 Rhythm
Lesson focus: Listening to and identifying rhythms in 3/4 time

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Describe 3/4 time in music.
Skills: compose four-bar rhythms in 3/4 time.
Attitudes: perform and appreciate rhythmic patterns.

Key Inquiry Question: How is rhythm organised in 3/4 time?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces listening to and identifying rhythms in 3/4 time through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **listening to and identifying rhythms in 3/4 time**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Listen to, sing or play familiar tunes in 3/4 time; describe rhythmic patterns; practise note values and rests; compose four-bar rhythms; clap, tap or play the compositions; present and give feedback.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about listening to and identifying rhythms in 3/4 time, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 1

Week: 6 Lesson: 3 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.2 Rhythm
Lesson focus: Describing rhythmic patterns in familiar tunes

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Describe 3/4 time in music.
Skills: compose four-bar rhythms in 3/4 time.
Attitudes: perform and appreciate rhythmic patterns.

Key Inquiry Question: How is rhythm organised in 3/4 time?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces describing rhythmic patterns in familiar tunes through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **describing rhythmic patterns in familiar tunes**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Listen to, sing or play familiar tunes in 3/4 time; describe rhythmic patterns; practise note values and rests; compose four-bar rhythms; clap, tap or play the compositions; present and give feedback.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about describing rhythmic patterns in familiar tunes, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 1

Week: 6 Lesson: 4 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.2 Rhythm
Lesson focus: Reviewing note values and rests

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Describe 3/4 time in music.
Skills: compose four-bar rhythms in 3/4 time.
Attitudes: perform and appreciate rhythmic patterns.

Key Inquiry Question: How is rhythm organised in 3/4 time?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces reviewing note values and rests through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **reviewing note values and rests**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Listen to, sing or play familiar tunes in 3/4 time; describe rhythmic patterns; practise note values and rests; compose four-bar rhythms; clap, tap or play the compositions; present and give feedback.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about reviewing note values and rests, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 1

Week: 6 Lesson: 5 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.2 Rhythm
Lesson focus: Composing a four-bar rhythm

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Describe 3/4 time in music.
Skills: compose four-bar rhythms in 3/4 time.
Attitudes: perform and appreciate rhythmic patterns.

Key Inquiry Question: How is rhythm organised in 3/4 time?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces composing a four-bar rhythm through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **composing a four-bar rhythm**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Listen to, sing or play familiar tunes in 3/4 time; describe rhythmic patterns; practise note values and rests; compose four-bar rhythms; clap, tap or play the compositions; present and give feedback.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about composing a four-bar rhythm, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 1

Week: 7 Lesson: 1 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.2 Rhythm
Lesson focus: Arranging rhythmic patterns in 3/4 time

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Describe 3/4 time in music.
Skills: compose four-bar rhythms in 3/4 time.
Attitudes: perform and appreciate rhythmic patterns.

Key Inquiry Question: How is rhythm organised in 3/4 time?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces arranging rhythmic patterns in 3/4 time through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **arranging rhythmic patterns in 3/4 time**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Listen to, sing or play familiar tunes in 3/4 time; describe rhythmic patterns; practise note values and rests; compose four-bar rhythms; clap, tap or play the compositions; present and give feedback.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about arranging rhythmic patterns in 3/4 time, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 1

Week: 7 Lesson: 2 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.2 Rhythm
Lesson focus: Clapping and tapping composed rhythms

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Describe 3/4 time in music.
Skills: compose four-bar rhythms in 3/4 time.
Attitudes: perform and appreciate rhythmic patterns.

Key Inquiry Question: How is rhythm organised in 3/4 time?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces clapping and tapping composed rhythms through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **clapping and tapping composed rhythms**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Listen to, sing or play familiar tunes in 3/4 time; describe rhythmic patterns; practise note values and rests; compose four-bar rhythms; clap, tap or play the compositions; present and give feedback.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about clapping and tapping composed rhythms, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 1

Week: 7 Lesson: 3 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.2 Rhythm
Lesson focus: Performing rhythms using body percussion

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Describe 3/4 time in music.
Skills: compose four-bar rhythms in 3/4 time.
Attitudes: perform and appreciate rhythmic patterns.

Key Inquiry Question: How is rhythm organised in 3/4 time?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces performing rhythms using body percussion through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **performing rhythms using body percussion**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Listen to, sing or play familiar tunes in 3/4 time; describe rhythmic patterns; practise note values and rests; compose four-bar rhythms; clap, tap or play the compositions; present and give feedback.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about performing rhythms using body percussion, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 1

Week: 7 Lesson: 4 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.2 Rhythm
Lesson focus: Using simple percussion instruments

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Describe 3/4 time in music.
Skills: compose four-bar rhythms in 3/4 time.
Attitudes: perform and appreciate rhythmic patterns.

Key Inquiry Question: How is rhythm organised in 3/4 time?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces using simple percussion instruments through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **using simple percussion instruments**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Listen to, sing or play familiar tunes in 3/4 time; describe rhythmic patterns; practise note values and rests; compose four-bar rhythms; clap, tap or play the compositions; present and give feedback.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about using simple percussion instruments, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 1

Week: 7 Lesson: 5 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.2 Rhythm
Lesson focus: Refining rhythmic compositions

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Describe 3/4 time in music.
Skills: compose four-bar rhythms in 3/4 time.
Attitudes: perform and appreciate rhythmic patterns.

Key Inquiry Question: How is rhythm organised in 3/4 time?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces refining rhythmic compositions through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **refining rhythmic compositions**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Listen to, sing or play familiar tunes in 3/4 time; describe rhythmic patterns; practise note values and rests; compose four-bar rhythms; clap, tap or play the compositions; present and give feedback.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about refining rhythmic compositions, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 1

Week: 8 Lesson: 1 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.2 Rhythm
Lesson focus: Presenting and evaluating four-bar rhythms

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Describe 3/4 time in music.
Skills: compose four-bar rhythms in 3/4 time.
Attitudes: perform and appreciate rhythmic patterns.

Key Inquiry Question: How is rhythm organised in 3/4 time?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces presenting and evaluating four-bar rhythms through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **presenting and evaluating four-bar rhythms**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Listen to, sing or play familiar tunes in 3/4 time; describe rhythmic patterns; practise note values and rests; compose four-bar rhythms; clap, tap or play the compositions; present and give feedback.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about presenting and evaluating four-bar rhythms, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 1

Week: 8 Lesson: 2 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.3 Athletics and Montage
Lesson focus: Athletics: sprinting and running skills

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Apply selected athletics skills safely.
Skills: create a montage using appropriate materials and techniques.
Attitudes: appreciate participation and creative expression.

Key Inquiry Question: How can athletics skills be performed safely? How can images be combined to communicate an idea?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces athletics: sprinting and running skills through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **athletics: sprinting and running skills**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Observe and practise athletics skills through demonstrations and modified drills; warm up and cool down; discuss montage examples; select and interpret subject matter; arrange and combine images/materials; complete, display and review montage work.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about athletics: sprinting and running skills, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____

Week: 8 Lesson: 3 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.3 Athletics and Montage
Lesson focus: Starting, acceleration and finishing techniques

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Apply selected athletics skills safely.
Skills: create a montage using appropriate materials and techniques.
Attitudes: appreciate participation and creative expression.

Key Inquiry Question: How can athletics skills be performed safely? How can images be combined to communicate an idea?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces starting, acceleration and finishing techniques through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **starting, acceleration and finishing techniques**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Observe and practise athletics skills through demonstrations and modified drills; warm up and cool down; discuss montage examples; select and interpret subject matter; arrange and combine images/materials; complete, display and review montage work.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about starting, acceleration and finishing techniques, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 1

Week: 8 Lesson: 4 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.3 Athletics and Montage
Lesson focus: Relay running and baton exchange

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Apply selected athletics skills safely.
Skills: create a montage using appropriate materials and techniques.
Attitudes: appreciate participation and creative expression.

Key Inquiry Question: How can athletics skills be performed safely? How can images be combined to communicate an idea?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces relay running and baton exchange through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **relay running and baton exchange**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Observe and practise athletics skills through demonstrations and modified drills; warm up and cool down; discuss montage examples; select and interpret subject matter; arrange and combine images/materials; complete, display and review montage work.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about relay running and baton exchange, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 1

Week: 8 Lesson: 5 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.3 Athletics and Montage
Lesson focus: Field-event movement and safety

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Apply selected athletics skills safely.
Skills: create a montage using appropriate materials and techniques.
Attitudes: appreciate participation and creative expression.

Key Inquiry Question: How can athletics skills be performed safely? How can images be combined to communicate an idea?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces field-event movement and safety through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **field-event movement and safety**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Observe and practise athletics skills through demonstrations and modified drills; warm up and cool down; discuss montage examples; select and interpret subject matter; arrange and combine images/materials; complete, display and review montage work.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about field-event movement and safety, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.3 Athletics and Montage
Lesson focus: Warm-up, cool-down and fitness

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Apply selected athletics skills safely.
Skills: create a montage using appropriate materials and techniques.
Attitudes: appreciate participation and creative expression.

Key Inquiry Question: How can athletics skills be performed safely? How can images be combined to communicate an idea?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces warm-up, cool-down and fitness through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **warm-up, cool-down and fitness**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Observe and practise athletics skills through demonstrations and modified drills; warm up and cool down; discuss montage examples; select and interpret subject matter; arrange and combine images/materials; complete, display and review montage work.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about warm-up, cool-down and fitness, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 1

Week: 9 Lesson: 2 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.3 Athletics and Montage
Lesson focus: Montage: meaning and characteristics

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Apply selected athletics skills safely.
Skills: create a montage using appropriate materials and techniques.
Attitudes: appreciate participation and creative expression.

Key Inquiry Question: How can athletics skills be performed safely? How can images be combined to communicate an idea?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces montage: meaning and characteristics through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **montage: meaning and characteristics**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Observe and practise athletics skills through demonstrations and modified drills; warm up and cool down; discuss montage examples; select and interpret subject matter; arrange and combine images/materials; complete, display and review montage work.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about montage: meaning and characteristics, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 1

Week: 9 Lesson: 3 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.3 Athletics and Montage
Lesson focus: Materials and tools for montage

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Apply selected athletics skills safely.
Skills: create a montage using appropriate materials and techniques.
Attitudes: appreciate participation and creative expression.

Key Inquiry Question: How can athletics skills be performed safely? How can images be combined to communicate an idea?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces materials and tools for montage through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **materials and tools for montage**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Observe and practise athletics skills through demonstrations and modified drills; warm up and cool down; discuss montage examples; select and interpret subject matter; arrange and combine images/materials; complete, display and review montage work.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about materials and tools for montage, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 1

Week: 9 Lesson: 4 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.3 Athletics and Montage
Lesson focus: Selecting and interpreting subject matter

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Apply selected athletics skills safely.
Skills: create a montage using appropriate materials and techniques.
Attitudes: appreciate participation and creative expression.

Key Inquiry Question: How can athletics skills be performed safely? How can images be combined to communicate an idea?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces selecting and interpreting subject matter through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **selecting and interpreting subject matter**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Observe and practise athletics skills through demonstrations and modified drills; warm up and cool down; discuss montage examples; select and interpret subject matter; arrange and combine images/materials; complete, display and review montage work.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about selecting and interpreting subject matter, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 1

Week: 9 Lesson: 5 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.3 Athletics and Montage
Lesson focus: Arranging images to create a montage

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Apply selected athletics skills safely.
Skills: create a montage using appropriate materials and techniques.
Attitudes: appreciate participation and creative expression.

Key Inquiry Question: How can athletics skills be performed safely? How can images be combined to communicate an idea?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces arranging images to create a montage through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **arranging images to create a montage**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Observe and practise athletics skills through demonstrations and modified drills; warm up and cool down; discuss montage examples; select and interpret subject matter; arrange and combine images/materials; complete, display and review montage work.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about arranging images to create a montage, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 1

Week: 10 Lesson: 1 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.3 Athletics and Montage
Lesson focus: Composing a montage with balance and emphasis

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Apply selected athletics skills safely.
Skills: create a montage using appropriate materials and techniques.
Attitudes: appreciate participation and creative expression.

Key Inquiry Question: How can athletics skills be performed safely? How can images be combined to communicate an idea?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces composing a montage with balance and emphasis through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **composing a montage with balance and emphasis**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Observe and practise athletics skills through demonstrations and modified drills; warm up and cool down; discuss montage examples; select and interpret subject matter; arrange and combine images/materials; complete, display and review montage work.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about composing a montage with balance and emphasis, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 1

Week: 10 Lesson: 2 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.3 Athletics and Montage
Lesson focus: Completing and displaying a montage

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Apply selected athletics skills safely.
Skills: create a montage using appropriate materials and techniques.
Attitudes: appreciate participation and creative expression.

Key Inquiry Question: How can athletics skills be performed safely? How can images be combined to communicate an idea?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces completing and displaying a montage through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **completing and displaying a montage**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Observe and practise athletics skills through demonstrations and modified drills; warm up and cool down; discuss montage examples; select and interpret subject matter; arrange and combine images/materials; complete, display and review montage work.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about completing and displaying a montage, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 1

Week: 10 Lesson: 3 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.3 Athletics and Montage
Lesson focus: Reflecting on athletics and montage work

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Apply selected athletics skills safely.
Skills: create a montage using appropriate materials and techniques.
Attitudes: appreciate participation and creative expression.

Key Inquiry Question: How can athletics skills be performed safely? How can images be combined to communicate an idea?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces reflecting on athletics and montage work through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **reflecting on athletics and montage work**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Observe and practise athletics skills through demonstrations and modified drills; warm up and cool down; discuss montage examples; select and interpret subject matter; arrange and combine images/materials; complete, display and review montage work.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about reflecting on athletics and montage work, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 1

Week: 10 Lesson: 4 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.4 Melody
Lesson focus: Meaning and features of melody

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Identify and describe features of melody.
Skills: read and write simple melodic patterns using the staff.
Attitudes: create and perform a simple melody.

Key Inquiry Question: How is a melody created and performed?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces meaning and features of melody through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **meaning and features of melody**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Listen to familiar melodies; identify pitch movement and phrases; practise reading notes on the staff and relating them to a keyboard; construct G major patterns; create, perform and review a short melody.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about meaning and features of melody, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 1

Week: 10 Lesson: 5 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.4 Melody
Lesson focus: Pitch and movement of notes

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Identify and describe features of melody.
Skills: read and write simple melodic patterns using the staff.
Attitudes: create and perform a simple melody.

Key Inquiry Question: How is a melody created and performed?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces pitch and movement of notes through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **pitch and movement of notes**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Listen to familiar melodies; identify pitch movement and phrases; practise reading notes on the staff and relating them to a keyboard; construct G major patterns; create, perform and review a short melody.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about pitch and movement of notes, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____
