GRADE 8 CREATIVE ARTS AND SPORTS – 2027 LESSON PLANS

Term 3 • 50 lesson plans • Teacher-prepared planning resource

Curriculum sequence follows the Grade 8 scheme and the selected optional strand: Kenyan Indigenous Game. The KICD design also offers Swimming as an alternative optional choice.

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 3

Week: 1 Lesson: 1 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.9 Volleyball
Lesson focus: Introduction, rules and court layout

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Demonstrate basic volleyball skills and techniques.
Skills: apply rules during play.
Attitudes: appreciate teamwork, fair play and safe participation.

Key Inquiry Question: How are basic volleyball skills and rules applied during a game?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces introduction, rules and court layout through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **introduction, rules and court layout**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Observe demonstrations of court layout, positions and rules; practise ready position, movement, passing, serving, setting, attacking and blocking; apply skills in modified small-sided games; reflect on teamwork and fair play.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about introduction, rules and court layout, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 3

Week: 1 Lesson: 2 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.9 Volleyball
Lesson focus: Ready position and movement

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Demonstrate basic volleyball skills and techniques.
Skills: apply rules during play.
Attitudes: appreciate teamwork, fair play and safe participation.

Key Inquiry Question: How are basic volleyball skills and rules applied during a game?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces ready position and movement through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **ready position and movement**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Observe demonstrations of court layout, positions and rules; practise ready position, movement, passing, serving, setting, attacking and blocking; apply skills in modified small-sided games; reflect on teamwork and fair play.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about ready position and movement, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 3

Week: 1 Lesson: 3 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.9 Volleyball
Lesson focus: Underarm passing

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Demonstrate basic volleyball skills and techniques.
Skills: apply rules during play.
Attitudes: appreciate teamwork, fair play and safe participation.

Key Inquiry Question: How are basic volleyball skills and rules applied during a game?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces underarm passing through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **underarm passing**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Observe demonstrations of court layout, positions and rules; practise ready position, movement, passing, serving, setting, attacking and blocking; apply skills in modified small-sided games; reflect on teamwork and fair play.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about underarm passing, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 3

Week: 1 Lesson: 4 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.9 Volleyball
Lesson focus: Overhead passing

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Demonstrate basic volleyball skills and techniques.
Skills: apply rules during play.
Attitudes: appreciate teamwork, fair play and safe participation.

Key Inquiry Question: How are basic volleyball skills and rules applied during a game?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces overhead passing through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **overhead passing**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Observe demonstrations of court layout, positions and rules; practise ready position, movement, passing, serving, setting, attacking and blocking; apply skills in modified small-sided games; reflect on teamwork and fair play.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about overhead passing, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 3

Week: 1 Lesson: 5 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.9 Volleyball
Lesson focus: Serving techniques

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Demonstrate basic volleyball skills and techniques.
Skills: apply rules during play.
Attitudes: appreciate teamwork, fair play and safe participation.

Key Inquiry Question: How are basic volleyball skills and rules applied during a game?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces serving techniques through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **serving techniques**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Observe demonstrations of court layout, positions and rules; practise ready position, movement, passing, serving, setting, attacking and blocking; apply skills in modified small-sided games; reflect on teamwork and fair play.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about serving techniques, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 3

Week: 2 Lesson: 1 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.9 Volleyball
Lesson focus: Setting and attacking

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Demonstrate basic volleyball skills and techniques.
Skills: apply rules during play.
Attitudes: appreciate teamwork, fair play and safe participation.

Key Inquiry Question: How are basic volleyball skills and rules applied during a game?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces setting and attacking through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **setting and attacking**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Observe demonstrations of court layout, positions and rules; practise ready position, movement, passing, serving, setting, attacking and blocking; apply skills in modified small-sided games; reflect on teamwork and fair play.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about setting and attacking, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 3

Week: 2 Lesson: 2 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.9 Volleyball
Lesson focus: Blocking and defensive positioning

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Demonstrate basic volleyball skills and techniques.
Skills: apply rules during play.
Attitudes: appreciate teamwork, fair play and safe participation.

Key Inquiry Question: How are basic volleyball skills and rules applied during a game?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces blocking and defensive positioning through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **blocking and defensive positioning**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Observe demonstrations of court layout, positions and rules; practise ready position, movement, passing, serving, setting, attacking and blocking; apply skills in modified small-sided games; reflect on teamwork and fair play.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about blocking and defensive positioning, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 3

Week: 2 Lesson: 3 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.9 Volleyball
Lesson focus: Rotation and player positions

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Demonstrate basic volleyball skills and techniques.
Skills: apply rules during play.
Attitudes: appreciate teamwork, fair play and safe participation.

Key Inquiry Question: How are basic volleyball skills and rules applied during a game?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces rotation and player positions through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **rotation and player positions**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Observe demonstrations of court layout, positions and rules; practise ready position, movement, passing, serving, setting, attacking and blocking; apply skills in modified small-sided games; reflect on teamwork and fair play.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about rotation and player positions, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 3

Week: 2 Lesson: 4 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.9 Volleyball
Lesson focus: Applying rules in modified games

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Demonstrate basic volleyball skills and techniques.
Skills: apply rules during play.
Attitudes: appreciate teamwork, fair play and safe participation.

Key Inquiry Question: How are basic volleyball skills and rules applied during a game?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces applying rules in modified games through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **applying rules in modified games**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Observe demonstrations of court layout, positions and rules; practise ready position, movement, passing, serving, setting, attacking and blocking; apply skills in modified small-sided games; reflect on teamwork and fair play.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about applying rules in modified games, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 3

Week: 2 Lesson: 5 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.9 Volleyball
Lesson focus: Teamwork and communication

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Demonstrate basic volleyball skills and techniques.
Skills: apply rules during play.
Attitudes: appreciate teamwork, fair play and safe participation.

Key Inquiry Question: How are basic volleyball skills and rules applied during a game?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces teamwork and communication through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **teamwork and communication**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Observe demonstrations of court layout, positions and rules; practise ready position, movement, passing, serving, setting, attacking and blocking; apply skills in modified small-sided games; reflect on teamwork and fair play.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about teamwork and communication, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____

Week: 3 Lesson: 1 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.9 Volleyball
Lesson focus: Small-sided volleyball game

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Demonstrate basic volleyball skills and techniques.
Skills: apply rules during play.
Attitudes: appreciate teamwork, fair play and safe participation.

Key Inquiry Question: How are basic volleyball skills and rules applied during a game?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces small-sided volleyball game through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **small-sided volleyball game**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Observe demonstrations of court layout, positions and rules; practise ready position, movement, passing, serving, setting, attacking and blocking; apply skills in modified small-sided games; reflect on teamwork and fair play.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about small-sided volleyball game, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 3

Week: 3 Lesson: 2 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.9 Volleyball
Lesson focus: Reviewing performance and fair play

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Demonstrate basic volleyball skills and techniques.
Skills: apply rules during play.
Attitudes: appreciate teamwork, fair play and safe participation.

Key Inquiry Question: How are basic volleyball skills and rules applied during a game?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces reviewing performance and fair play through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **reviewing performance and fair play**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Observe demonstrations of court layout, positions and rules; practise ready position, movement, passing, serving, setting, attacking and blocking; apply skills in modified small-sided games; reflect on teamwork and fair play.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about reviewing performance and fair play, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 3

Week: 3 Lesson: 3 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.10 Kenyan Folk Dance
Lesson focus: Meaning and cultural significance of Kenyan folk dance

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Identify characteristics of selected Kenyan folk dances.
Skills: perform selected movements and sequences.
Attitudes: appreciate cultural diversity and heritage through folk dance.

Key Inquiry Question: How does Kenyan folk dance communicate culture and identity?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces meaning and cultural significance of kenyan folk dance through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **meaning and cultural significance of kenyan folk dance**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Research and observe selected Kenyan folk dances; discuss their cultural contexts; practise movement patterns, rhythm and formations; combine steps into a sequence; rehearse and present a group performance; appreciate diversity respectfully.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about meaning and cultural significance of kenyan folk dance, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 3

Week: 3 Lesson: 4 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.10 Kenyan Folk Dance
Lesson focus: Examples of folk dances from Kenyan communities

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Identify characteristics of selected Kenyan folk dances.
Skills: perform selected movements and sequences.
Attitudes: appreciate cultural diversity and heritage through folk dance.

Key Inquiry Question: How does Kenyan folk dance communicate culture and identity?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces examples of folk dances from kenyan communities through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **examples of folk dances from kenyan communities**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Research and observe selected Kenyan folk dances; discuss their cultural contexts; practise movement patterns, rhythm and formations; combine steps into a sequence; rehearse and present a group performance; appreciate diversity respectfully.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about examples of folk dances from kenyan communities, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 3

Week: 3 Lesson: 5 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.10 Kenyan Folk Dance
Lesson focus: Movement patterns and dance formations

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Identify characteristics of selected Kenyan folk dances.
Skills: perform selected movements and sequences.
Attitudes: appreciate cultural diversity and heritage through folk dance.

Key Inquiry Question: How does Kenyan folk dance communicate culture and identity?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces movement patterns and dance formations through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **movement patterns and dance formations**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Research and observe selected Kenyan folk dances; discuss their cultural contexts; practise movement patterns, rhythm and formations; combine steps into a sequence; rehearse and present a group performance; appreciate diversity respectfully.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about movement patterns and dance formations, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 3

Week: 4 Lesson: 1 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.10 Kenyan Folk Dance
Lesson focus: Costumes, props and performance context

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Identify characteristics of selected Kenyan folk dances.
Skills: perform selected movements and sequences.
Attitudes: appreciate cultural diversity and heritage through folk dance.

Key Inquiry Question: How does Kenyan folk dance communicate culture and identity?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces costumes, props and performance context through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **costumes, props and performance context**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Research and observe selected Kenyan folk dances; discuss their cultural contexts; practise movement patterns, rhythm and formations; combine steps into a sequence; rehearse and present a group performance; appreciate diversity respectfully.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about costumes, props and performance context, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 3

Week: 4 Lesson: 2 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.10 Kenyan Folk Dance
Lesson focus: Rhythm and movement coordination

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Identify characteristics of selected Kenyan folk dances.
Skills: perform selected movements and sequences.
Attitudes: appreciate cultural diversity and heritage through folk dance.

Key Inquiry Question: How does Kenyan folk dance communicate culture and identity?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces rhythm and movement coordination through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **rhythm and movement coordination**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Research and observe selected Kenyan folk dances; discuss their cultural contexts; practise movement patterns, rhythm and formations; combine steps into a sequence; rehearse and present a group performance; appreciate diversity respectfully.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about rhythm and movement coordination, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.10 Kenyan Folk Dance
Lesson focus: Combining steps into a sequence

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Identify characteristics of selected Kenyan folk dances.
Skills: perform selected movements and sequences.
Attitudes: appreciate cultural diversity and heritage through folk dance.

Key Inquiry Question: How does Kenyan folk dance communicate culture and identity?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces combining steps into a sequence through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **combining steps into a sequence**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Research and observe selected Kenyan folk dances; discuss their cultural contexts; practise movement patterns, rhythm and formations; combine steps into a sequence; rehearse and present a group performance; appreciate diversity respectfully.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about combining steps into a sequence, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____

Week: 5 Lesson: 1 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.10 Kenyan Folk Dance
Lesson focus: Presenting a folk dance

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Identify characteristics of selected Kenyan folk dances.
Skills: perform selected movements and sequences.
Attitudes: appreciate cultural diversity and heritage through folk dance.

Key Inquiry Question: How does Kenyan folk dance communicate culture and identity?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces presenting a folk dance through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **presenting a folk dance**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Research and observe selected Kenyan folk dances; discuss their cultural contexts; practise movement patterns, rhythm and formations; combine steps into a sequence; rehearse and present a group performance; appreciate diversity respectfully.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about presenting a folk dance, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Week: 5 Lesson: 2 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.10 Kenyan Folk Dance
Lesson focus: Appreciating cultural diversity through dance

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Identify characteristics of selected Kenyan folk dances.
Skills: perform selected movements and sequences.
Attitudes: appreciate cultural diversity and heritage through folk dance.

Key Inquiry Question: How does Kenyan folk dance communicate culture and identity?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces appreciating cultural diversity through dance through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **appreciating cultural diversity through dance**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Research and observe selected Kenyan folk dances; discuss their cultural contexts; practise movement patterns, rhythm and formations; combine steps into a sequence; rehearse and present a group performance; appreciate diversity respectfully.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about appreciating cultural diversity through dance, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 3

Week: 5 Lesson: 3 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.11 Indigenous Kenyan Craft - Basketry
Lesson focus: Meaning and cultural uses of basketry

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Identify materials and techniques used in indigenous Kenyan basketry.
Skills: make a simple basketry product.
Attitudes: appreciate the cultural and economic value of indigenous craft.

Key Inquiry Question: How is basketry used in Kenyan communities?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces meaning and cultural uses of basketry through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **meaning and cultural uses of basketry**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Observe examples of baskets; research uses and cultural contexts; identify fibres and tools; prepare materials safely; practise weaving techniques; construct and finish a simple basketry item; display and discuss work.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about meaning and cultural uses of basketry, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.11 Indigenous Kenyan Craft - Basketry
Lesson focus: Tools and safe preparation of materials

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Identify materials and techniques used in indigenous Kenyan basketry.
Skills: make a simple basketry product.
Attitudes: appreciate the cultural and economic value of indigenous craft.

Key Inquiry Question: How is basketry used in Kenyan communities?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces tools and safe preparation of materials through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **tools and safe preparation of materials**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Observe examples of baskets; research uses and cultural contexts; identify fibres and tools; prepare materials safely; practise weaving techniques; construct and finish a simple basketry item; display and discuss work.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about tools and safe preparation of materials, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 3

Week: 6 Lesson: 2 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.11 Indigenous Kenyan Craft - Basketry
Lesson focus: Weaving techniques and patterns

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Identify materials and techniques used in indigenous Kenyan basketry.
Skills: make a simple basketry product.
Attitudes: appreciate the cultural and economic value of indigenous craft.

Key Inquiry Question: How is basketry used in Kenyan communities?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces weaving techniques and patterns through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **weaving techniques and patterns**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Observe examples of baskets; research uses and cultural contexts; identify fibres and tools; prepare materials safely; practise weaving techniques; construct and finish a simple basketry item; display and discuss work.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about weaving techniques and patterns, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.11 Indigenous Kenyan Craft - Basketry
Lesson focus: Starting a basket base

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Identify materials and techniques used in indigenous Kenyan basketry.
Skills: make a simple basketry product.
Attitudes: appreciate the cultural and economic value of indigenous craft.

Key Inquiry Question: How is basketry used in Kenyan communities?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces starting a basket base through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **starting a basket base**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Observe examples of baskets; research uses and cultural contexts; identify fibres and tools; prepare materials safely; practise weaving techniques; construct and finish a simple basketry item; display and discuss work.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about starting a basket base, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 3

Week: 6 Lesson: 4 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.11 Indigenous Kenyan Craft - Basketry
Lesson focus: Developing sides and shaping

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Identify materials and techniques used in indigenous Kenyan basketry.
Skills: make a simple basketry product.
Attitudes: appreciate the cultural and economic value of indigenous craft.

Key Inquiry Question: How is basketry used in Kenyan communities?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces developing sides and shaping through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **developing sides and shaping**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Observe examples of baskets; research uses and cultural contexts; identify fibres and tools; prepare materials safely; practise weaving techniques; construct and finish a simple basketry item; display and discuss work.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about developing sides and shaping, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 3

Week: 6 Lesson: 5 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.11 Indigenous Kenyan Craft - Basketry
Lesson focus: Finishing and strengthening a basket

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Identify materials and techniques used in indigenous Kenyan basketry.
Skills: make a simple basketry product.
Attitudes: appreciate the cultural and economic value of indigenous craft.

Key Inquiry Question: How is basketry used in Kenyan communities?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces finishing and strengthening a basket through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **finishing and strengthening a basket**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Observe examples of baskets; research uses and cultural contexts; identify fibres and tools; prepare materials safely; practise weaving techniques; construct and finish a simple basketry item; display and discuss work.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about finishing and strengthening a basket, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Week: 7 Lesson: 1 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.11 Indigenous Kenyan Craft - Basketry
Lesson focus: Decorating and presenting basketry work

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Identify materials and techniques used in indigenous Kenyan basketry.
Skills: make a simple basketry product.
Attitudes: appreciate the cultural and economic value of indigenous craft.

Key Inquiry Question: How is basketry used in Kenyan communities?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces decorating and presenting basketry work through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **decorating and presenting basketry work**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Observe examples of baskets; research uses and cultural contexts; identify fibres and tools; prepare materials safely; practise weaving techniques; construct and finish a simple basketry item; display and discuss work.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about decorating and presenting basketry work, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 3

Week: 7 Lesson: 2 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.11 Indigenous Kenyan Craft - Basketry
Lesson focus: Appreciating indigenous craft and sustainable material use

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Identify materials and techniques used in indigenous Kenyan basketry.
Skills: make a simple basketry product.
Attitudes: appreciate the cultural and economic value of indigenous craft.

Key Inquiry Question: How is basketry used in Kenyan communities?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces appreciating indigenous craft and sustainable material use through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **appreciating indigenous craft and sustainable material use**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Observe examples of baskets; research uses and cultural contexts; identify fibres and tools; prepare materials safely; practise weaving techniques; construct and finish a simple basketry item; display and discuss work.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about appreciating indigenous craft and sustainable material use, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 3

Week: 7 Lesson: 3 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.12.2 Kenyan Indigenous Game (Optional)
Lesson focus: Meaning and examples of Kenyan indigenous games

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Identify selected Kenyan indigenous games and their rules.
Skills: participate in a selected game.
Attitudes: appreciate the cultural and social value of indigenous games.

Key Inquiry Question: How do Kenyan indigenous games promote culture and social interaction?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces meaning and examples of kenyan indigenous games through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **meaning and examples of kenyan indigenous games**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Research and discuss examples of indigenous games; select a suitable game according to context; identify rules, equipment and safety requirements; practise skills; participate in an adapted game; reflect on inclusion and fair play.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about meaning and examples of kenyan indigenous games, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.12.2 Kenyan Indigenous Game (Optional)
Lesson focus: Space and safety requirements

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Identify selected Kenyan indigenous games and their rules.
Skills: participate in a selected game.
Attitudes: appreciate the cultural and social value of indigenous games.

Key Inquiry Question: How do Kenyan indigenous games promote culture and social interaction?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces space and safety requirements through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **space and safety requirements**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Research and discuss examples of indigenous games; select a suitable game according to context; identify rules, equipment and safety requirements; practise skills; participate in an adapted game; reflect on inclusion and fair play.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about space and safety requirements, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Sub-strand: 2.12.2 Kenyan Indigenous Game (Optional)
Lesson focus: Basic skills and movement patterns

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Identify selected Kenyan indigenous games and their rules.
Skills: participate in a selected game.
Attitudes: appreciate the cultural and social value of indigenous games.

Key Inquiry Question: How do Kenyan indigenous games promote culture and social interaction?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces basic skills and movement patterns through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **basic skills and movement patterns**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Research and discuss examples of indigenous games; select a suitable game according to context; identify rules, equipment and safety requirements; practise skills; participate in an adapted game; reflect on inclusion and fair play.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about basic skills and movement patterns, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.12.2 Kenyan Indigenous Game (Optional)
Lesson focus: Practising selected game skills

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Identify selected Kenyan indigenous games and their rules.
Skills: participate in a selected game.
Attitudes: appreciate the cultural and social value of indigenous games.

Key Inquiry Question: How do Kenyan indigenous games promote culture and social interaction?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces practising selected game skills through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **practising selected game skills**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Research and discuss examples of indigenous games; select a suitable game according to context; identify rules, equipment and safety requirements; practise skills; participate in an adapted game; reflect on inclusion and fair play.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about practising selected game skills, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.12.2 Kenyan Indigenous Game (Optional)
Lesson focus: Teamwork and fair play

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Identify selected Kenyan indigenous games and their rules.
Skills: participate in a selected game.
Attitudes: appreciate the cultural and social value of indigenous games.

Key Inquiry Question: How do Kenyan indigenous games promote culture and social interaction?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces teamwork and fair play through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **teamwork and fair play**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Research and discuss examples of indigenous games; select a suitable game according to context; identify rules, equipment and safety requirements; practise skills; participate in an adapted game; reflect on inclusion and fair play.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about teamwork and fair play, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.12.2 Kenyan Indigenous Game (Optional)
Lesson focus: Adapting games for inclusion

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Identify selected Kenyan indigenous games and their rules.
Skills: participate in a selected game.
Attitudes: appreciate the cultural and social value of indigenous games.

Key Inquiry Question: How do Kenyan indigenous games promote culture and social interaction?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces adapting games for inclusion through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **adapting games for inclusion**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Research and discuss examples of indigenous games; select a suitable game according to context; identify rules, equipment and safety requirements; practise skills; participate in an adapted game; reflect on inclusion and fair play.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about adapting games for inclusion, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Week: 9 Lesson: 1 Date: _____ Time: _____ Roll: _____

Strand: 2.0 Creating and Performing in Creative Arts and Sports
Sub-strand: 2.12.2 Kenyan Indigenous Game (Optional)
Lesson focus: Playing a selected indigenous game

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Identify selected Kenyan indigenous games and their rules.
Skills: participate in a selected game.
Attitudes: appreciate the cultural and social value of indigenous games.

Key Inquiry Question: How do Kenyan indigenous games promote culture and social interaction?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces playing a selected indigenous game through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **playing a selected indigenous game**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Research and discuss examples of indigenous games; select a suitable game according to context; identify rules, equipment and safety requirements; practise skills; participate in an adapted game; reflect on inclusion and fair play.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about playing a selected indigenous game, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Identify selected Kenyan indigenous games and their rules.
Skills: participate in a selected game.
Attitudes: appreciate the cultural and social value of indigenous games.

Key Inquiry Question: How do Kenyan indigenous games promote culture and social interaction?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces reviewing and appreciating indigenous games through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **reviewing and appreciating indigenous games**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Research and discuss examples of indigenous games; select a suitable game according to context; identify rules, equipment and safety requirements; practise skills; participate in an adapted game; reflect on inclusion and fair play.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about reviewing and appreciating indigenous games, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 3

Week: 9 Lesson: 3 Date: _____ Time: _____ Roll: _____

Strand: 3.0 Appreciation in Creative Arts and Sports
Sub-strand: 3.1 Analysis of Creative Arts and Sports
Lesson focus: Meaning and purpose of analysis in Creative Arts and Sports

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Identify features of creative and sporting works.
Skills: describe strengths and areas for improvement using relevant vocabulary.
Attitudes: give and receive constructive feedback.

Key Inquiry Question: How can we analyse and appreciate Creative Arts and Sports?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces meaning and purpose of analysis in creative arts and sports through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **meaning and purpose of analysis in creative arts and sports**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Observe artworks, music, verse, drama, dance and sports performances; use agreed criteria to analyse elements and techniques; compare interpretations; complete a simple review; present portfolio evidence and provide respectful peer feedback.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about meaning and purpose of analysis in creative arts and sports, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 3

Week: 9 Lesson: 4 Date: _____ Time: _____ Roll: _____

Strand: 3.0 Appreciation in Creative Arts and Sports
Sub-strand: 3.1 Analysis of Creative Arts and Sports
Lesson focus: Analysing visual artworks

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Identify features of creative and sporting works.
Skills: describe strengths and areas for improvement using relevant vocabulary.
Attitudes: give and receive constructive feedback.

Key Inquiry Question: How can we analyse and appreciate Creative Arts and Sports?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces analysing visual artworks through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **analysing visual artworks**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Observe artworks, music, verse, drama, dance and sports performances; use agreed criteria to analyse elements and techniques; compare interpretations; complete a simple review; present portfolio evidence and provide respectful peer feedback.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about analysing visual artworks, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 3

Week: 9 Lesson: 5 Date: _____ Time: _____ Roll: _____

Strand: 3.0 Appreciation in Creative Arts and Sports
Sub-strand: 3.1 Analysis of Creative Arts and Sports
Lesson focus: Analysing music and rhythm

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Identify features of creative and sporting works.
Skills: describe strengths and areas for improvement using relevant vocabulary.
Attitudes: give and receive constructive feedback.

Key Inquiry Question: How can we analyse and appreciate Creative Arts and Sports?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces analysing music and rhythm through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **analysing music and rhythm**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Observe artworks, music, verse, drama, dance and sports performances; use agreed criteria to analyse elements and techniques; compare interpretations; complete a simple review; present portfolio evidence and provide respectful peer feedback.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about analysing music and rhythm, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

School: _____ Teacher: _____ TSC No.: _____

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 3

Week: 10 Lesson: 1 Date: _____ Time: _____ Roll: _____

Strand: 3.0 Appreciation in Creative Arts and Sports
Sub-strand: 3.1 Analysis of Creative Arts and Sports
Lesson focus: Analysing verse and drama

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Identify features of creative and sporting works.
Skills: describe strengths and areas for improvement using relevant vocabulary.
Attitudes: give and receive constructive feedback.

Key Inquiry Question: How can we analyse and appreciate Creative Arts and Sports?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces analysing verse and drama through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **analysing verse and drama**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Observe artworks, music, verse, drama, dance and sports performances; use agreed criteria to analyse elements and techniques; compare interpretations; complete a simple review; present portfolio evidence and provide respectful peer feedback.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about analysing verse and drama, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Week: 10 Lesson: 4 Date: _____ Time: _____ Roll: _____

Strand: 3.0 Appreciation in Creative Arts and Sports
Sub-strand: 3.1 Analysis of Creative Arts and Sports
Lesson focus: Giving constructive feedback

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Identify features of creative and sporting works.
Skills: describe strengths and areas for improvement using relevant vocabulary.
Attitudes: give and receive constructive feedback.

Key Inquiry Question: How can we analyse and appreciate Creative Arts and Sports?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces giving constructive feedback through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **giving constructive feedback**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Observe artworks, music, verse, drama, dance and sports performances; use agreed criteria to analyse elements and techniques; compare interpretations; complete a simple review; present portfolio evidence and provide respectful peer feedback.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about giving constructive feedback, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.

Reflection / Self-Remarks

Outcomes achieved: _____
Learners requiring support or extension: _____
Next steps / teacher reflection: _____

GRADE 8 CREATIVE ARTS AND SPORTS – LESSON PLAN

Learning Area: Creative Arts and Sports Grade: 8 Year: 2027 Term 3

Week: 10 Lesson: 5 Date: _____ Time: _____ Roll: _____

Strand: 3.0 Appreciation in Creative Arts and Sports
Sub-strand: 3.1 Analysis of Creative Arts and Sports
Lesson focus: Presenting a portfolio and reflection

Lesson Learning Outcomes

At the end of the lesson, the learner should be able to:
Knowledge: Identify features of creative and sporting works.
Skills: describe strengths and areas for improvement using relevant vocabulary.
Attitudes: give and receive constructive feedback.

Key Inquiry Question: How can we analyse and appreciate Creative Arts and Sports?

Learning Resources: KICD Grade 8 curriculum design; approved learner's materials; relevant pictures, charts and examples; art/craft materials and tools; music/audio resources or instruments; sports equipment and safe playing space as appropriate.

Organisation of Learning: Whole-class introduction, pair and small-group tasks, individual practice and performance where appropriate. Adapt participation to learner needs and available resources. For sports, ensure warm-up, safe space, suitable equipment and hydration.

Introduction

The teacher introduces presenting a portfolio and reflection through a relevant example, demonstration, short audio-visual stimulus or question. Learners share observations and connect the lesson to prior learning and everyday experience.

Lesson Development

Activity 1: Learners observe, listen to or examine examples connected with **presenting a portfolio and reflection**. They identify prior knowledge, ask questions and note important features.

Activity 2: In small groups, learners investigate the focus using the stated curriculum learning experience: Observe artworks, music, verse, drama, dance and sports performances; use agreed criteria to analyse elements and techniques; compare interpretations; complete a simple review; present portfolio evidence and provide respectful peer feedback.

Activity 3: Learners practise or develop the relevant artwork, musical task, movement skill, sport technique or practical product. The teacher demonstrates, observes and gives corrective feedback.

Activity 4: Groups present or demonstrate their work. Learners compare results against agreed criteria, give respectful feedback and make improvements.

Assessment

Observation checklist; oral questioning; practical skill demonstration; performance or product rubric; learner portfolio; peer assessment and self-reflection.

Conclusion

Learners summarise what they learned about presenting a portfolio and reflection, demonstrate or describe one key skill and identify how the learning can be applied. The teacher reinforces safe, inclusive and respectful participation.
